

# NEAR SHORE<sup>®</sup> PROCUREMENT SERVICES

Improving Direct and Indirect Procurement through expertise and high collaboration

## BUSINESS PROCESS OUTSOURCING SERVICES

Tim Tech Consults offers services that combine effective use of IT and high performance process execution. The results are significant transaction and constant productivity improvements.

The Near Shore<sup>®</sup> model opens the possibility to globally outsource processes that require a high degree

of interaction amongst stakeholders. Tim Tech Consults's BPO services include the following areas:

- Sourcing
- Procurement Services
- Contract Management

## SERVICES PROVIDED

### Procurement

- Source-to-Pay Cycle for Direct and Indirect across all spend categories.
- Supplier Management: Collect, manage, and regularly update supplier information associated with the Source-to-Pay cycle and subsequent invoices.
- Spend Analysis: Spend data extraction, validation, and normalization. Opportunity assessments to identify and quantify savings initiatives to be converted into tangible results.
- Contract Management: Support for contract creation and activation, amendment management, termination and/or renewal follow up.

### Finance and Accounting

- Accounts Payable: Invoice receipt and handling, Reconciliation and approvals, Internal and external service support.

Tim Tech Consults is the obvious choice for Mexico-specific nearshore outsourcing, based both on its experience as well as its innovative and global approach to nearshore outsourcing.
